

TERRORISTS

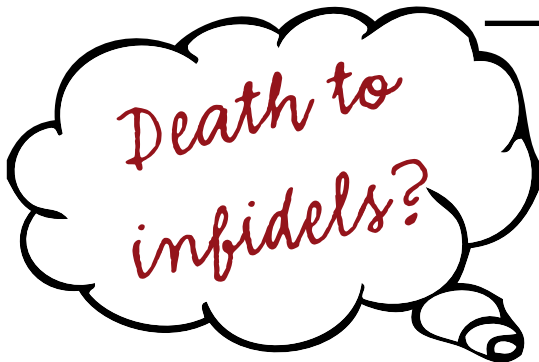

WE WAXED A BRAZILIAN
HELP US AVOID ANOTHER CLOSE SHAVE

TERRORISTS NEED TO EAT FOOD OR THEY DIE
They are not afraid to die for their cause, but starvation is not normally their chosen method. Do you know anyone who eats food?

TERRORISTS LOVE FILMING CROWDS
They've got a bit of a strange obsession with the ebb and flow of people, like that nutter in *American Beauty* who always films plastic bags blowing in the wind. Seen someone filming in a public place? Don't stop and think. Report it.

TERRORISM IS AN IDEOLOGY
Have you seen anyone deep in thought? They may be supporting the terrorist cause. Don't let it lie. Let a trained police professional work out what they're thinking.
